

Morpheme Cards

Teaching Resource

Introduction

Over time, learners are able to identify small, meaningful parts of words that give us information on things like verb tense, singularity vs plural, meaning and parts of speech. These small units are known as **morphemes**, and they include linguistic units like the plural suffixes “-s” or “-es”, the tense suffixes “-ed” and “-ing”, prefixes like “re-” or “pre-”, or Latin roots such as “spec” meaning “see”. These linguistic units allow English speakers to express subtle elements of meaning within the word. Whilst English may have complex orthography (spelling), one can argue that many other languages have more complex morphologies, or uses of prefixes, suffixes, etc.

When learning about morpheme, learners also learn the rules that govern how to add morphemes to base words, such as the answers to such questions as “when do I drop the final “e” when adding “-ing”? or “when does the y turn to i?” or “when do I double the final consonant before adding a suffix?” This resource provides information about those little units that allow learners to express subtle meanings. through morphemes. Please enjoy and explore!

Appendix F ADDING A SUFFIX TO ANY WORD

Does it end with a **Silent Final E**?
Does it end with **One Vowel + One Consonant** (seen and heard)?
Does it end in **Y**?
If yes, continue with the questions for the word type below.
If no, just add the suffix.

Silent Final E

Are we adding a vowel suffix?
Is dropping the E allowed by other spelling rules?
C says /s/ before E, I, and Y.
G may say /j/ before E, I, and Y.
If yes, drop the E and add the suffix.
If no, just add the suffix.

One Vowel + One Consonant

Are we adding a vowel suffix?
Is the syllable before the suffix accented?
If yes, double the last consonant and add the suffix.
If no, just add the suffix.

Single Vowel Y

Does it end with a single vowel Y?
Does the suffix begin with any letter except I?
If yes, change the Y to I and add the suffix.
If no, retain the Y and add the ending.

Table 2 Changes to Base Words When Adding Inflectional Endings or Other Suffixes That Start with a Vowel

BASE WORDS	+ ING	+ ED (OR ER)	+ S
1. CVVC, CVCC Ex: <i>look, walk</i>	No change Ex: <i>looking, walking</i>	No change Ex: <i>looked, walker</i>	No change Ex: <i>looks, walks</i>
2. CVC* Ex: <i>bat</i>	Double final letter Ex: <i>batting</i>	Double final letter Ex: <i>batted, batter</i>	No change Ex: <i>bats</i>
3. CVCe Ex: <i>skate</i>	Drop final e Ex: <i>skating</i>	Drop final -e Ex: <i>skated, skater</i>	No change Ex: <i>skates</i>
4. Words that end in a consonant + y Ex: <i>cry</i>	No change Ex: <i>crying</i>	Change y to i Ex: <i>cried, crier</i>	Change y to i and add es Ex: <i>cries</i>
5. Words that end in a vowel + y Ex: <i>play</i>	No change Ex: <i>playing</i>	No change Ex: <i>played, player</i>	No change Ex: <i>plays</i>

ADDING A SUFFIX TO ANY WORD

Does it end with a **Silent Final E**?
Does it end with **One Vowel + One Consonant** (seen and heard)?
Does it end in Y?

If yes, continue with the questions for the word type below.
If no, just add the suffix.

Silent Final E

Are we adding a vowel suffix?
Is dropping the E allowed by other spelling rules?
C says /s/ before E, I, and Y.
G may say /j/ before E, I, and Y.
If yes, drop the E and add the suffix.
If no, just add the suffix.

One Vowel + One Consonant

Are we adding a vowel suffix?
Is the syllable before the suffix accented?
If yes, double the last consonant and add the suffix.
If no, just add the suffix.

Single Vowel Y

Does it end with a single vowel Y?
Does the suffix begin with any letter except I?
If yes, change the Y to I and add the suffix.
If no, retain the Y and add the ending.
